- B. **Starting price bid:** The starting price bid for the bidding process shall be USD 0.1/MMBTU. Each bidder shall be required to enter bids that are higher than or equal to the starting price bid. Any bids lower than such starting price bid shall not be accepted by the system on the e-auction portal.

- A. **Range for Scheduled Delivery Commencement Date:** The Scheduled Delivery Commencement Date will be allowed to be quoted (biddable) only once and cannot be changed post that. Further, it should be no later than 90 (Ninety) days, from date of readiness to supply gas as notified by ONGC to the Buyer i.e., "**A**".
- B. **Deleted**

6.5.4. **Volume Bid**

- A. **Starting Volume:** The starting volume shall be as quoted by bidder during the "**First Bid Period**" subject to, the quoted quantity should be between minimum biddable volume and maximum biddable volume. Further, the starting volume is biddable only once and cannot be changed once entered. Any further increments in volume can be increased by ticker size as mentioned at 6.5.4 (C).
- B. **Maximum Volume Bid:** The maximum volume during the e-auction shall be 18,750 SCMD. During the e-auction, no bidder will be permitted to quote a quantity higher than this volume specified above.

Each bidder is required to submit quotes for all the biddable parameters (i.e., Price and Scheduled Delivery Commencement Date and volume) during the First Bid Period. Only bidders who have submitted valid bid(s) during this First Bid Period shall continue to participate in the remaining period of the e-auction. A bidder who fails to submit a valid bid during the First Bid Period will not be able to participate further in the e-auction.
- 6.5.6. Upon the submission of a valid first bid within the First Bid Period, a bidder can revise its biddable parameters (except Starting Volume & Scheduled Delivery Commencement Date) any number of times during the duration of the e-auction.
- 6.5.7. The entire e-auction process will be dynamic and will be subject to extensions as per Clause 6.5.8.

6.6. Determination of provisional quantity and final quantity allocation

- 6.6.1. After the completion of the e-auction process, the following steps will be followed to determine provisional allocation:
- 6.6.2. **Step 1:** The gas prices quoted by the bidders in the e-auction will be arranged in descending order on fallback and as is where is basis i.e., the H-1 bidder will be placed at the top. Where there is a single H-1 bid with respect to ‘P’, then Gas would be first fully allocated to the bidder who has quoted highest (“P”) for off-take of gas.

Step 2: In case there are multiple bids having the same H-1 quote i.e., more than one bidder quoting the same highest premium over Reserve Gas Price but different range bid i.e., number of days in relation to Scheduled Delivery Commencement Date, then Gas would be first fully allocated to the bidder who has quoted the least number of days (“A”) for off-take of gas.

If surplus gas is left after the allocation as provided above, then the balance gas available would be allocated to the bidder who has quoted next higher number of days (“A”) for off-take of gas and this process shall be repeated until all available gas is exhausted for allocation.

Step 3: In case, there are multiple bids from that field having same gas price, same number of days (“A”) for offtake of gas, then the gas would be allocated to all such bidders on *pro*

rata basis in proportion to the gas quantity/ volume they have quoted in the e-auction vis-à-vis total gas available from the field under this RFP.

- 6.6.3 At the end of the e-auction process (subject to Clause 6.6.7 of this RFP), all the successful bidders would be notified regarding their respective provisional allocated volume (**“Provisional Allocation”**). As mentioned in Clause 5.2.6 above, in case the Provisional Allocation to any bidder varies from the volume which was quoted by such bidder during First Bid Period, the bidder will be required to submit a Security Deposit of revised value which will be computed on the basis the Provisional Allocation and the overall price at which the Provisional Allocation has been made to the bidder during the e-auction (and this price shall be computed basis the Reserve Gas Price prevailing at the time of Provisional Allocation) and the RBI Reference Rate in the month previous to the Provisional Allocation . The revised amount of Security Deposit would be notified to such bidders by ONGC/ Empanelled Agency, and such bidders would be required to submit the revised amount of Security Deposit, within 7 days of ONGC notifying the Provisional Allocation. Any failure on the part of the bidder to respond/accept the Provision Allocation and/or furnish the revised Security Deposit within the stipulated timelines will lead to the bidder being disqualified from the tender/ e-auction process and the original Security Deposit submitted along with the Techno-Commercial Bid will be forfeited.
- 6.6.4 After the revised Security Deposit has been furnished by the bidders, to the satisfaction of ONGC and prior to the expiry of the bid validity period, ONGC will notify the successful bidders in writing by email to be confirmed in writing by letter that its bid has been accepted and issue the NOA to the successful bidders tentatively 7 number of days from submission of the revised Security Deposit. The NOA will constitute the formation of the contract between the parties.
- 6.6.5 Once ONGC issues the NOA to the successful bidders, ONGC will thereafter send the successful bidders the copy of the Gas Supply Agreement in duplicate as provided in this RFP. The successful bidder is required to sign a formal Gas Supply Agreement (GSA), as per Schedule 1 of this RFP, with ONGC on non-judicial stamp paper of appropriate value applicable for the place where from gas is to be supplied, within a maximum period of 15 (Fifteen) days of date of NOA. Until the GSA is signed, the NOA shall remain binding between two parties.
- 6.6.6 After executing the GSA, the successful bidder has to submit the required statutory clearances, prior to commencement of gas supplies to their plant/unit including a proof of submission of application to ‘**Petroleum & Natural Gas Regulatory Board**’ (PNGRB) for laying of dedicated natural gas pipelines under the provisions of the Petroleum & Natural Gas Regulatory Board (Authorizing Entities to Lay, Build, Operate or Expand Natural Gas Pipelines) Regulations, 2008, Power Purchase Agreement [for bidders who shall be using gas for generation of power for sale at regulated rates], Gas Transportation Agreement (GTA) with the transporter, clearance from Petroleum Explosives Safety Organization (PESO) etc. The above list is indicative and bidders shall be responsible for all statutory clearances required to conduct their operations.
- 6.6.7 The e-auction process provided in this Clause 6.6 is subject to the requirements under the MoP&NG notification dated July 8, 2013 (Guidelines for Selection of Customers for Domestic

Gas available from Small/ Isolated Fields), as amended from time to time, whereby any existing customer of ONGC (not being a bidder under this RFP) who has not received gas pursuant to the terms of its existing GSA due reservoir failure, may participate in the bidding process or be given the right to match the highest price (H1) in accordance with point (xx) of the aforesaid said notification. Where this provision is applicable, ONGC will notify the bidders at the pre-bid stage as to the nature of priority being provided to such existing customer(s). Where such existing customer(s) is/are being given the right, by ONGC to match the H1 price of the e-auction, such existing customer(s) will not be entitled to quote/ offtake a volume higher than the contracted quantities or affected/reduced contract quantities, whichever is lesser, which the existing customer(s) was entitled to receive under its GSA as of the reservoir failure. In relation to such H1 matching by the existing customer(s), the following steps will apply:

- (a) At close of the e-auction as provided under Clause 6.5.9, existing customer(s) will be provided 5 (five) minutes to match the H1 price for the quantities to be quoted by such existing customer(s);
- (b) In case, the H1 price is matched by the existing customer(s), [H1] bidder will get to decide whether to accept the gas allocation which is less than their tendered/bid quantity, as a result of such matching by existing customer(s). In case bidder is allocated quantity of gas less than their volume quotation in the e-auction, bidder would be entitled to surrender entire/part of gas being provisionally allocated. In case of such surrender, Security Deposit would not be forfeited.
- (c) In case a bidder is allocated quantity of gas as per their quotation in the e-auction, bidder will have the option to either to accept or to surrender the entire allocation made to him. In case of non-execution of GSA (after allocation) or surrender (including by H1 Bidder), entire Security Deposit would be forfeited.

6.6.8 Other Conditions:

- (a) In case the overall production from the small/isolated field and marginal field increases beyond 0.2 MMSCMD and the field gets connected to the grid at a later stage then the existing customers, shall be assured of the domestic gas supply only for a period of one year from such connection to the grid and thereafter the gas will be allocated as per the prevailing gas utilization policy of the Government of India, in case there is unfulfilled gas demand from a higher priority customer on the grid at any point in time after connection to the grid.
- (b) In case the production of the gas field increases to a higher level than initially expected/advertised as part of the buildup and is expected to remain so on a sustained basis, then additional gas up to maximum of 50% of initially advertised quantity can be offered to existing allottees on the basis of their price bid up to the requirement indicated in their bids, and thereafter to other customers. On notification of such increase in production, the advertised quantity and allottees of the immediate previous tender from the field would only be considered for allocation. This would be done transparently to all connected allottees irrespective of the fact that the bidder has indicated or not the requirement of additional gas in their bid. In case, some of the

consumer (s) does not accept the additional allocation, then the gas would be offered to other consumers, if any, on pro-rata basis subject to their acceptance. The bidders would be required to off-take such additional gas within maximum 90 (ninety) days from allocation. Further, the bidder would be required to submit the Security Deposit and payment security for such additional allocation.

- (c) The bidder agrees and understands that in case of decrease in production from the gas Field, there will be a reduction in the gas supply to all allottees on *pro-rata* basis.
- (d) The gas would be from the source/field indicated in the tender and ONGC shall endeavor to supply gas from such source uninterruptedly subject to availability. In case of reduction in availability of gas during the contract period due to reasons primarily attributable to the geological reservoir uncertainties & complexities, other complications in the fields/ wells or any reasons whatsoever, if gas supply cannot be provided, ONGC shall not be responsible nor it shall be an issue for arbitration or a matter of dispute in court of Law. The bidder shall make all necessary provisions for creation and maintaining dual fuel capabilities in order to meet their fuel requirement by an alternative fuel/substitute to gas, as and when gas supplies are interrupted or discontinued for the reasons mentioned.
- (e) In case of any reservoir failure, the allotted customer shall be given priority in getting gas supply at the same terms and conditions from any nearby field in the same Asset/Basin subject to customer undertaking to transport gas from the new location at their own expense within 180 days (or such period as agreed in writing by ONGC) from ONGC's conveying the decision. Such offer would be made during the initial term of the contract only.
- (f) The bidder is prohibited to offer any service/benefit of any manner to any employee of ONGC and that the bidder may suffer summary termination of agreement /disqualification in case of violation.

- 8.10. In addition to the Gas Price, each bidder acknowledges and agrees that such price is

ex-ONGC installation and is exclusive of taxes, duties, service tax, GST, education cess, sales tax/VAT, Octroi, and all other statutory levies as applicable at present or to be levied in future by the Government of India or State Government or any other local body or bodies payable on sale of gas by ONGC to the Buyer and these shall be borne by the Buyer over and above the price determined during the e-auction.

- 8.11. In case the provisional allocation determined during the e-auction is in decimals, the same will automatically be rounded off to the nearest **10's** of the preceding whole number. (eg. 6333.33 would be round off to 6330). Each bidder acknowledges that this rounding off may result in the sum total of provisional quantity determined during the e-auction being less than or equal to the total quantity of gas available for bidding.
- 8.12. Each bidder acknowledges and agrees that the invitation by ONGC for submission of bids does not constitute a commitment by ONGC to supply or sell gas. **ONGC's** obligation to supply or sell gas to a Buyer shall become effective only upon the execution of the GSA by ONGC/ Sellers and the respective Buyer.
- 8.13. After confirmation of the provisional allocation/ issuance of NOA, in case bidder surrenders gas allocation, fails to execute GSA and provide the payment security i.e. the letter of credit under the GSA, then the entire Security Deposit of the bidder will be forfeited and bidder will not be allowed to participate in next two subsequent tenders of ONGC for sale of natural gas or crude oil.
- 8.14. Each bidder acknowledges and agrees that this Request for Proposal (RFP) by ONGC does not constitute any commitment to supply or sell gas and is only an invitation to offer. The Notification of Award (NOA) will constitute the formation of the contract and the same shall remain binding on both the parties till the GSA is signed. Gas supply to the bidder shall not commence unless payment security is furnished and GSA is signed.
- 8.15. Any attempt by a bidder to influence the e-auction process or other bidders, bid evaluation or the allocation process shall immediately result in disqualification of its bid.
- 8.16. In case of any conflict between the provisions of this RFP and the GSA, the provisions of the GSA shall prevail.
- 8.17. The outcome of the e-auction and the results determined pursuant to the e-auction shall be final and binding on all bidders and shall not be a subject of dispute under any circumstances.
- 8.18. Each bidder represents and acknowledges to ONGC and Empanelled Agency that it possesses the necessary experience, expertise and ability to undertake and fulfill its obligations, under all phases involved, in the performance of the provisions of this RFP and the GSA.

- 8.19. In the unlikely event of data loss or corruption, and if the back-up facility is also affected, Empanelled Agency shall decide whether the e-auction shall be continued or suspended until further notice. In this case, the decision of the Empanelled Agency shall be final and binding upon all bidders.
- 8.20. Bidders are advised to ensure that the computer system (configured with minimum information technology requirements as per Section 4 of this RFP), internet availability and connectivity, power source, DSC, internal support personnel, etc. are available at their end along with necessary back-up options to deal with any contingencies which may arise during the e-auction. Any disruptions at the bidder's end shall be the sole responsibility of the bidder. ONGC or Empanelled Agency shall not be responsible, in any manner whatsoever, for the same.
- 8.21. ONGC reserves the right to verify all statements, information and documents submitted by the bidder in response to the RFP and the bidder shall, when so required by ONGC, make available all such information, evidence and documents as may be necessary for such verification. Any such verification, or lack of such verification, by ONGC shall not relieve the bidder of its obligations or liabilities hereunder nor will it affect any rights of ONGC thereunder.
- 8.22. ONGC reserves the right to reject any bid and appropriate the Security Deposit if at any time, a material misrepresentation is made or uncovered; or the bidder does not provide, within the time specified by ONGC, the supplemental information sought by ONGC for evaluation of the bid. Such misrepresentation/ improper response shall lead to the disqualification of the bidder. If such disqualification/ rejection occurs after the bids have been opened and the selected bidder(s) get disqualified/ rejected, then ONGC reserves the right to annul the tender process and invites fresh bids.

In case it is found during the evaluation or at any time before signing of the GSA or after its execution and during the period of subsistence thereof that one or more of the eligibility and /or qualification requirements have not been met by the bidder, or the bidder has made material misrepresentation or has given any materially incorrect or false information, the bidder shall be disqualified forthwith if not yet declared as the buyer either by issue of the NOA or by entering into of the GSA, and if the selected bidder has already been issued the NOA or has entered into the GSA, as the case may be, the same shall, notwithstanding anything to the contrary contained therein or in this RFP, be liable to be terminated, by a communication in writing by ONGC to the selected bidder or the buyer, as the case may be, without ONGC being liable in any manner whatsoever to the selected bidder or the buyer, as the case may be. In such an event, ONGC shall be entitled to forfeit and appropriate the Security Deposit or letter of credit under the GSA, as the case may be, as damages, without prejudice to any other right or remedy that may be available to ONGC under this RFP, the Bidding Documents, the GSA or otherwise.

- 8.23. By submitting a bid, each bidder certifies that:
- (a) it has arrived at its bid without agreement with any other bidder of this RFP for the purposes of restricting competition or otherwise;
 - (b) the bid parameters submitted have not been disclosed and shall not be disclosed to any other bidder;
 - (c) no attempt has been made by it to induce any other bidder to submit or not to submit a bid for the purposes of restricting competition;
 - (d) No attempt has been made by it to collude with another bidder in determining its bids or influencing the decisions of other bidders.
- 8.24. ONGC reserves the right to withhold or withdraw the e-auction process at any stage or cancel or modify the process or change / modify / amend any or all provisions of this RFP, at any time, without assigning any reason whatsoever by notice to all bidders. ONGC shall have sole discretion and reserve the right, without any obligation or liability, to accept or reject any or all of the bids at any stage of the e-auction process. ONGC, at its own discretion, can seek additional documents from bidders that it may require to ascertain the capability of bidders to offtake gas as per the terms of GSA.
- 8.25. It shall be deemed that by submitting the bid, the bidder agrees and releases ONGC, its employees, agents and advisers, irrevocably, unconditionally, fully and finally from any and all liability for claims, losses, damages, costs, expenses or liabilities in any way related to or arising from the exercise of any rights and/ or performance of any obligations hereunder, pursuant hereto and/ or in connection with the tender/ e-auction process and waives, to the fullest extent permitted by applicable laws, any and all rights and/ or claims it may have in this respect, whether actual or contingent, whether present or in future.
- 8.26. If there is any change, either by way of introduction of any new or amendment in the existing laws, rules, regulations, orders including gas pricing notifications, directives, policies of the Government of India, the same shall be binding and such change shall not be a ground for admitting any claim against ONGC.
